EX150Li
1.9hp Brushless Motor
All-terrain Edition

The All-Terrain features massive 8.5" x 2.5" wheels and a 115-degree approach angle to tackle obstacles without any frame impact or sinking in the soft stuff.

EX150Li All-Terrain is for fire departments with varied structure approached in their response area, 4-season weather where mud, snow, or other soft surfaces are likely to be encountered, and those who want to be ready for anything.

Intuitive user interface for 1, 2, GO operation. Two large, hard-anodized control knobs give users the ultimate in glove-compatible fan control.
